

ANZIP AUSTRALIA NEW ZEALAND INFRASTRUCTURE PIPELINE

The Australia & New Zealand Infrastructure Pipeline (ANZIP) provides a forward view of public infrastructure activity across Australia and New Zealand, providing certainty of the forward work programme to investors, constructors, governments and other agencies. ANZIP informs industry of where and what infrastructure opportunities are available, and when they come to market by tracking greenfield and brownfield transactions from when they are proposed, until they reach contractual and financial close.

STATUS DEFINITIONS

Prospective pipeline

Greenfield (construction) or brownfield (government asset divestment) projects needed or likely to occur within the next five years, but is not formally proposed by a state, territory or major local government.

Credibly Proposed

The project or divestment is supported by a state, territory or major local government, is subject to studies or other processes (such as pre-feasibility or scoping studies or business case development), and is likely to proceed to formal announcement

Announced

The project has a firm commitment and timeline from a state, territory or major local government, but has not yet entered the market.

Under procurement

The project or transaction is under procurement (such as a call for Expressions of Interest, requests for tender, or another offer to the market).

Preferred bidder announced

A preferred bidder has been selected and is in exclusive negotiations.

Recently closed

Projects that have progressed to contractual close remain on ANZIP for 12 months.

NSW FORESTRY CORPORATION SOFTWOOD DIVISION

**PROJECT
PIPELINE
STATUS**

STATUS: Prospective pipeline

SECTOR: Other

JURISDICTION: NSW

TYPE: Brownfield

Asset Description

The NSW State owned Forestry Corporation, is the largest manager of commercial native and plantation forests in NSW. It manages over two million hectares of State forests.

Forestry Corporation has two operating divisions, Hardwood Forests Division (HFD) and Softwood Plantation Division (SPD). HFD manages 35,000 hectares of hardwood plantations, SPD manages 200,000 hectares of softwood plantations. Approximately 30,000 hectares are harvested annually, accounting for 14 per cent of Australia's timber production.

The SPD softwood plantations are primarily pine tree, and located in the central, south and north-west of NSW.

Timeline

October 2019: UBS was appointed to undertake a scoping study into the potential divestment.

August 2019: The NSW State Government announced it would consider privatising the Softwood Plantation Division of the state-owned Forestry Corporation.
